Kevlar® Core Rubber Tracks

Red Roo Solutions has teamed up with our overseas partners to offer a new choice in genuine Kevlar® dual core belted rubber tracks. These are durable quality tracks at far more reasonable prices than what you have been paying elsewhere

Our RC85/100, Cat 267/277/287b Tracks are perfect for forestry applications and rough terrain, the wider more aggressive tread pattern provides for greater traction and are less likely to jam up with debris
