Larry Lugs and Field Kits

The quick, reliable and inexpensive way to keep your machine going. Larry Lugs simply bolt straight on to replace missing and damaged drive lugs. Don't replace perfectly good tracks, save thousands of dollars and fit Larry Lugs.

Field Kits - contain everything you need to correctly fit Larry Lugs - Track Template, Carbide Tungsten Grinding Wheel, high quality drill bit, hex key and instructions. The Field Kit is a one off purchase and comes with a number of Larry Lugs as indicated and then you just Larry Lugs as you need them.

LL05	5 Larry Lugs inc high grade Bolts & Washers	\$ 192.50	FK05	5 Larry Lug Field Kit	\$ 357.50

DELIVERY OPTIONS

Red Roo Solutions ships all stock from our Gatton, QLD warehouse.

For smaller orders (to 5kgs) we use Australia Post Express Post bags. These allow for 2 - 3 days to most East Coast Centres and 3 - 4 days to FNQ, WA, Tas, NT and rural locations.

For heavier orders such as wheels we will quote depending on the location.

For large orders and tracks we use Air Road Direct

We are happy to use your preferred freight company

URGENT ORDERS

Red Roo Solutions will always make every effort to assist with urgent orders, however overnight orders just may not be possible, particularly to locations outside of major East Coast centres.

Please DO NOT leave Larry Lug orders until you have extensive damage, replacing a single lug as soon as it drops will save you a lot of downtime, money and heartache

Overnight or urgent courier orders can result in hundreds of dollars in freight charges and will require credit card payment via the phone before goods will be sent

CREDIT POLICY

Red Roo Solutions does not provide credit accounts.

Bad debt provisions & trade debtors management costs would add an estimated 15% to our prices.

We are committed to maintaining the lowest possible prices for customers.
